

NO-DIG Moscow
International Trade Fair and Conference
for Trenchless Technologies
1-4 June, Moscow, IEC "Crocus Expo"

NO-DIG Moscow is the leading trade fair and conference for trenchless technologies in Russia and CIS. It is the key regional event for manufacturers and vendors, service providers and customers in this sector. New technologies and equipment for HDD and tunneling will be displayed at the exhibition, as well as new methods and equipment for pipe diagnostics, relining and rehabilitation.

In conjunction with the trade fair (1-4 June 2010) a technical conference (1-3 June 2010) will be held to present and to discuss hot issues and developments of trenchless technologies.

In 2008 the 26th International NO-DIG Moscow held under ECWATECH-2008 attracted 138 exhibitors from 18 countries and almost 11700 visitors.

In 2010 Organisers expect the event to be at least at the level of 2008 despite crisis times.

The prices for exhibiting are as follows: Registration fee – 360/400 EUR, space only 1 sq. m – 192/212 EUR, turn-key 1 sq. m – 232/252 EUR, open air 1 sq. m – 62/82 EUR.

The Conference registration fee is 350/400 EUR.
